FOR THE AMERICAS ON

### *What is Pop Shop Radio...*

At Pop Shop Radio we go around the world to bring you great stuff from all over. We play a whole variety of pop music, such as records from the 1960s and 1970s that were played on Top-40 radio stations in not only in North America but also on offshore radio and stations like Radio Luxembourg. To make it fun, we also include stuff that didn't make the Top 10. We like to show that music doesn't have to be in English to be great. Stopping off in places like Sweden, Finland, the Czech and Slovak Republics, Germany, France, Brazil, South Africa, Australia, and New Zealand we find cool records for you to groove to! We mix it all in the style of Top-40 radio of the 1960s and 1970s with jingles and real records played by a real DJ. We are everything that the boring FM corporate stations that have no personality and say they play the best variety are not. Last, but not least, Pop Shop Radio is made in the town of Hope in (super, natural) British Columbia in Canada. We are Canada's international voice to the world.
